

**FOR SALE**

## **THE HUNTERS HILLS - CARBON FORESTRY OPPORTUNITY**

WAIMATE, South Canterbury

\*Photo may contain areas not included in the sale

### **LARGE SCALE BARE LAND PLANTATION AND CARBON FORESTRY**

As part of a larger station, the Hunters Hills has been identified as being well suited to large scale carbon forestry. The hill country rises from the North branch of the Waihao river to Mount Studholme providing a unique opportunity for an astute investor to participate in the burgeoning carbon market. The land (subject to survey) will offer a network of farm tracks, a mix of contours and potential Government funding to support the One Billion Tree program.

This farm land is offered for sale and demands your consideration so contact CBRE today to receive the detailed Information Memorandum.

- + 1,300 hectares available (subject to survey)
- + Suitable for both plantation and carbon forestry
- + PrimePort Timaru less than 100km by road
- + Potential to seek planting contribution from the One Billion Trees Fund
- + Carbon potential via ETS
